Region IX PAL Levee Designations

Type	Description	Distribution *
A	For communities/levee owners with A only levee(s). The letter described the A1 and A2 options for communities/levee owners to decide which is appropriate. All RIX non-Federal levees were offered PAL status unless it was known that the was not certifiable or not planned to be certified/accredited.	Mailed to Community with CC to levee owner (if known), state NFIP Coord. and Cong. offices
B	For communities/levee owners that only have B levees	Mailed to Community with CC to levee owner, state NFIP Coord. and Cong. offices
A-B	For communities/levee owners that have both A and B levees	Mailed to Community with CC to levee owner, state NFIP Coord. and Cong. offices
C2	For levee owners with a C2 levee, as identified in a USACE letter that granted the 1-year maintenance deficiency correction period	Mailed to levee owner with CC to Com-munity, state NFIP Coord. & Cong. offices
A-B-C2	For communities/levee owners with A, B and C2 levees. This was essentially an A-B PAL letter with a notification that a separate C2 letter would be sent to the C2 levee owner	Mailed to Community with CC to levee owner, state NFIP Coord. and Cong. offices
E	For communities/levee owners that have a Scenario E levees(s). These have not yet been mailed for all Scenario E levees.	Mailed to levee owner with CC to Community, state NFIP Coord. and Cong. offices

* Mailed to addressees via certified, return-receipt-required and to the CC recipients via regular mail
